

**Shriners Hospitals**  
for Children™

## **MAKE THE COMMITMENT**

**Distracted driving has become an epidemic that kills and injures thousands each year.**

***I \_\_\_\_\_ pledge to lead by example and help stop distractions while driving or riding in a car.***

***I will proudly display my OLIE bracelet as a reminder of my responsibility to be a safe driver and/or passenger and value the precious lives of others on the road.***

**All proceeds will go to StopDistractions.org to support advocacy, serve victims and provide educational information and resources on distracted driving to the community.**
